

LONG TERM CARE

A collection of thought starter ideas

Long Term Care

Concept

In this senior living environment, residents have the opportunity to stay socially well-connected to other residents, staff, family and friends. Furniture and accessories are provided to enhance safety and functionality, without sacrificing style and comfort. A cozy color palette adds warmth to all areas, while variations in flooring materials help define space and assist with wayfinding during one's stay.

Private office

Long Term Care

Private office

LG_1A

Application Includes

- Elective Elements storage
 - Aspekt seating
 - Leela seating
 - Gesture chair
 - Ology desk
 - Free Stand table
- Blu Dot | Beau lamp table

Details

1. Blending both standing and seated height solutions provides the administrative staff a healthy palette of posture and choices to be productive in a private work setting.
2. Guest chairs provide a comfortable seating for visitors.
3. Lockable storage provides a dedicated and secure location for personal items.
4. A consult area with soft seating is located near the desk for less formal conversations between administrative staff and/or guests.
